Search Results Template JSON

All request requires an APICODE

JSON: Variables to be posted to <http://www.centralyachtagent.com/snapins/json-snyachts.php>

Eg: <http://www.centralyachtagent.com/snapins/json-snyachts.php?user=1&boattype=P&guests=10&ylocations=src5&apicode=12345sdf>

{user}

numeric

{boattype}

Value: **P** Power, **C** Catamarans, **S** Mono-Hulls, **SC** Mono-hulls & Catamarans, **PC** Power Catamarans (No Sails), **M** Motor Sailers

{ylocations}

This is the search location. To search in multiple locations use `ylocations[]`

Updated location codes: <http://www.centralyachtagent.com/snapins/locationcodes.php>

{guests}

Number of guests. Numeric only.

{startdate}

{enddate}

Dates must be sent in "YYYY-MM-DD" format. If dates are entered then **Both** are needed or they will be ignored. Dates must be in future

{priceto} or {pricefrom}

This can be the budget (1 variable) or can be a price range (both variables)

SEARCH RESULTS TEMPLATE
